

## **H&E EQUIPMENT SERVICES JOB READY CONDITION STATEMENT**

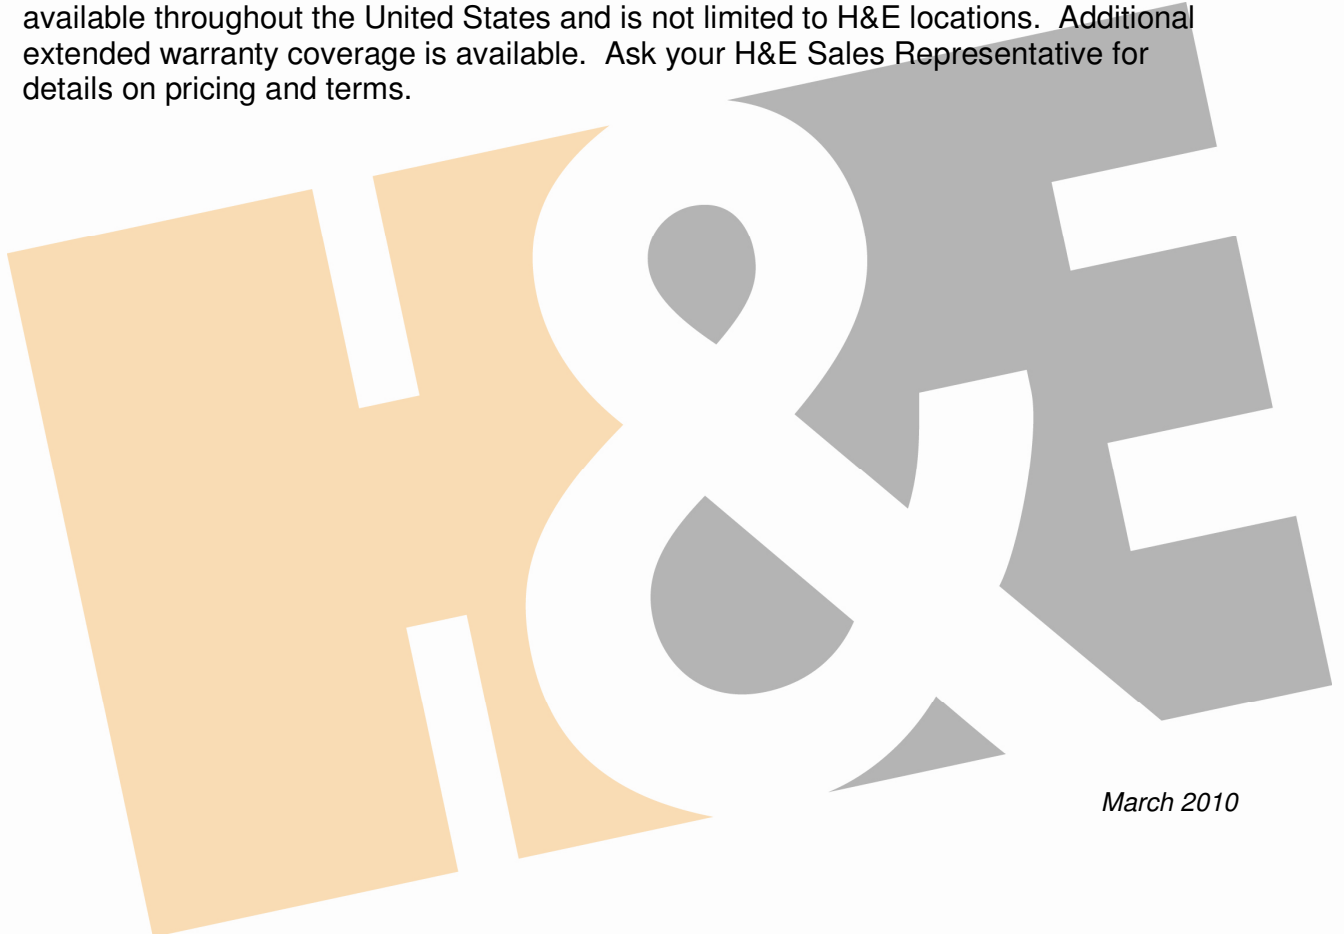

“Job Ready” machines advertised on this website are rental units purchased and fully-maintained to manufacturer’s specifications by H&E Equipment Services (H&E).

“Job Ready” machines have been inspected and evaluated by factory-trained H&E service professionals and are ready to operate and perform the job intended for that particular model.

The general condition of “Job Ready” classified units is as follows:

- All safety components have been checked and are functional.
- All manufacturer specified services and updates are complete.
- All machine functions are operating within manufacturer specifications.
- Machine has been cleaned and serviced per owner/operator manual guidelines.
- Fluid levels have been checked and topped off.
- All noticeable leaks have been addressed and repaired.
- All tires or ground engaging components are in a safe, workable condition.

All “Job Ready” status machines advertised on the H&E website carry a 90-Day Power Train Warranty. [Click here for warranty details.](#) Warranty coverage and service is available throughout the United States and is not limited to H&E locations. Additional extended warranty coverage is available. Ask your H&E Sales Representative for details on pricing and terms.
